

PROPOSED WORKS IN YOUR AREA - The Glade, St Leonards and St Ives Dorset

Dear Sir /Madam

Following the Government's guidance for construction activity - that it should continue where it fits with both the current Public Health England requirements and in accordance with industry safety guidance - Dorset Council is restarting a programme of carefully selected surfacing works.

The revised list of surfacing sites is made up of roads that are in a deteriorating condition and are essential to help keep life-saving medicine, equipment, supplies and key workers travelling safely across the county.

Additional safety measures are also being taken to ensure the health and safety of workers in these unprecedented times.

We are working closely with other highway authorities across the south west and with industry bodies to share knowledge of new ways of working.

As you can appreciate this is a rapidly developing situation, so we are doing our best to keep Dorset's businesses and residents up to date as this work progresses. The latest information on all planned road works can be found at [www.dorsetcouncil.gov.uk/roadworks](http://www.dorsetcouncil.gov.uk/roadworks)

To enable us to carry out maintenance work, we plan to close The Glade, St Leonards and St Ives Dorset between 9th October 2020 and 14th October 2020. The road will be closed daily between the hours of 08.00 and 16.00 but it will be open overnight and at weekends.

We will be repairing sections of road within the area marked in red indicated on the map.

In the current financial climate, the highways service has had to focus its budget on targeting the most damaged sections of road and areas with safety issues.

We will contact you again nearer the time to confirm the dates of the work and the closure needed.

If you wish to discuss any issues regarding this work, please [contact us](#).

Yours faithfully

Paul Hughes
